

KINGDOM PLAY TRAINING

CALLING ALL CHILDREN'S CHURCH
AND YOUTH LEADERS

Are you noticing the increasing needs of children in your church
and struggling to understand what's happening for them?
Would you like your church to push further into Kingdom Play
in a way that is unique to each child?

Kingdom Play training session blends professional knowledge
about children and what the bible says about play,
using Jesus as the perfect theology.

We can help with our new Kingdom Play Training.

Waymaker sessions can help church and youth leaders in three ways:

1. Train and **SUPPORT** church and youth leaders to understand the growing needs of children understanding the WHY in their story.
2. Explore why play is God given and look at theology to **SUPPORT** that.
3. Learn how to **SUPPORT** children through play and open them up to the Holy Spirit through play.

Created by Jesus' lover and professional play therapist Eileen Russell. Eileen has 18 years of experience working with children and parents in some of the most deprived areas throughout Northern Ireland.

Eileen stated

"I love being able to blend my professional knowledge about play with what I believe God says about play and help church groups to push into Him through the eyes of a child. I believe Jesus is the perfect theology for play."
